## CONDITIONS OF SALE

1. Customer to whom delivery is made understands and agrees that all equipment such as tanks, cylinders, gas metering and/or regulating equipment is the property of Star Gas Products Inc., a New York corporation with its home office at 33 Fulton Street, Poughkeepsie, NY, and said Star Gas Products Inc. at all times retains complete title and ownership of the tanks, cylinders, gas metering and/or regulating equipment listed unless said items are customer-owned. Customer further agrees that Star Gas Products Inc. has the right to enter the premises of Customer at any reasonable hour of the day for inspection or removal of said tanks, cylinders, gas metering and/or regulating equipment, without any questions or hindrance on the part of the Customer.
2. Only Star Gas Products Inc. has the right to repair or adjust the gas containers and/or equipment. Customer shall not tamper with or remove equipment or permit others to do so.
3. Any claim arising out of the use of this product or equipment shall be waived unless Star Gas Products Inc. is notified within **Thirty (30) days** after the event to which the claim relates and such claim shall be forever barred unless asserted by the Customer by the commencement of action within **Three (3) months** after the event to which the claim relates. In no event shall Star Gas Products Inc. be liable for special or indirect consequential damages.
4. Customer is under obligation to notify Star Gas Products Inc. upon Customer's termination of Star Gas Products Inc. service. If Customer does not purchase Star Gas Products Inc. propane ("bottled gas") for a period of **Twelve (12) months**, the service will be deemed terminated. Star Gas Products, Inc. may remove tanks, cylinders, gas metering and/or regulating equipment without accounting to Customer for product remaining therein.
5. Customer agrees to keep access to service open and free of snow, vegetation, accumulations of obstacles (including tree branches).
6. Initial and all other installation charges shall include labor and any piping, fittings, and supplies from the outlet of the regulator on a tank to Customer's appliances and sold to Customer.
7. Customer is subject to current yearly and/or seasonal minimum gas usage charge.
8. Customer is subject to the following charges if gas service is discontinued:
  - a. Pick up charge of \$30.<sup>00+</sup> tax on all DOT/ASME tanks of 100 gallons or less.
  - b. Pump out charge of \$110.<sup>00+</sup> tax per hour for all ASME tanks of 100 gallons or larger.
